

SAMOA QUALITY

For more than 50 years Samoa has been manufacturing equipment for the lubrication professional. Our extensive program, fully manufactured and designed in Samoa own facilities, ranges from grease fittings and hand operated equipment to air operated pumps, hose reels, control guns, meters, waste oil and fluids collection systems and fluid dispense and inventory control systems. Our products are present in more than 100 countries in the five continents and are used in all kind of industries and environments.

Samoa lubrication equipment products are engineered to meet the most demanding requirements and they have become the quality reference in many markets.

Located on the northern Spanish coast, Samoa's manufacturing facilities are modern and are equipped with the latest state-of-the-art production equipment and technology. Our compromise with manufacturing excellence is enhanced by ISO-9001:2000 Certification. We are also committed with the environment sustainability and a healthy and safe work environment. Our ISO 14001 and OSHAS 18001 Certifications are consequence of this commitment.

Product Research and Development is a fundamental part of Samoa philosophy. We are in permanent contact with the market to identify new needs that are converted in new products. Our continuous product improvement makes possible that our products meet the requirements from worldwide users even in the most demanding applications.

Our products are available through a selected and knowledgeable Distribution Network. This network provides the sales service, counseling the products that better meets your needs, and the after sales service required for a long and satisfactory use of our products and equipment.

LUBRICATION EQUIPMENT MARKETS

AUTOMOTIVE DEALERSHIPS AND AUTO SERVICE CENTRES

Target customers

Any car or truck dealer
Petrol stations
Fast maintenance centres

Application

Fluid handling
Fluid and inventory management systems

Products

Pumps
- Oil and grease pumps
- Diaphragm pumps (antifreeze, windshield washer, waste oil evacuation)
Hose reels
Hose end meters
Waste oil equipment
- Mobile units
- Fix systems (AUTOVAC and EVACUMASTER)
Fluid and inventory management systems

Target customers

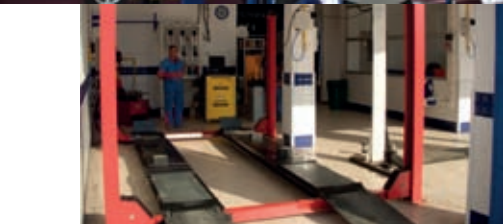

Bus and taxi maintenance facilities
Municipal vehicles maintenance facilities
Freight fleets
Private carriers

Application

Fluid handling
Fluid and inventory management systems

Products

Pumps
- Oil and grease pumps
- Diaphragm pumps (antifreeze, windshield washer, waste oil evacuation)
Hose reels
Hose end meters
Waste oil equipment
- Mobile units
- Fix systems (AUTOVAC and EVACUMASTER)
Fluid and inventory management systems

LUBRICATION EQUIPMENT MARKETS

HEAVY DUTY TRUCK DEALERS

Target customers

Construction machinery and heavy duty truck dealers

Application

Fluid handling.
Fluid and inventory management systems

Products

Pumps
- Oil and grease pumps
- Diaphragm pumps (antifreeze, windshield washer, waste oil evacuation)
Hose reels
Hose end meters
Waste oil equipment
- Mobile units
- Fix systems (AUTOVAC and EVACUMASTER)
Fluid and inventory management systems

Target customers

Any manufacturing facility that dispenses oil, cutting oil, grease.
Engine manufacturers

Application

Fluid handling
Fluid and inventory management systems

Products

Pumps
- Oil and grease pumps
- Diaphragm pumps (Waste fluid evacuation, cutting oil – water solutions)
Hose reels
Hose end meters
Waste fluids evacuation systems.
Fluid and inventory management systems.
Batch and preset systems.
Dosing systems

LUBRICATION EQUIPMENT MARKETS

MINING AND CONSTRUCTION

Target customers

Vehicle maintenance facilities
Above and under ground
Remote service centres Lube trucks
Service trucks

Application

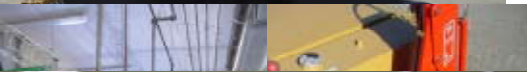

Fluid handling
Fluid and inventory management systems

Channel

OEM providers.
Engineering firms
Mining companies

Products

Pumps
- Oil and grease pumps
- Diaphragm pumps (fluids transfer, waste oil evacuation)
Hose reels
Hose end meters
Waste oil drainers and evacuation systems
Fluid and inventory management systems
